H Series H4, H5, H6

Lumen8

The H Series H4 H5 H6 are simple, yet versatile designs; ideal for use in hallways, kitchens and commercial applications. H series is locally designed and made in Brisbane and feature a slim aluminium body and high efficiency LED tape. Whether your space is minimalistic or decorative, this pendant is guaranteed to provide the sophisticated edge that your interior deserves.

The H4, H5 and H6 come in standard sizes, however, custom sizes are available on request; just ask our friendly designers! The exterior profile colour, and the interior section of profile can be your choice of black, white, gold, bronze or silver.

All pendants come with an LED driver (installed remotely in ceiling), ceiling canopy cup (80 x 80 x 25mm), 2m stainless steel suspension and cable grip.

The light source is 21W LED tape (1700 lumens p/metre), with a colour temperature of either 3000k or 4000k.
