H Series H7, H8

Lumen 8

H series H7 + H8 are a perfect way to introduce height and interest into a small or plain space. This unique design still utilises a slim aluminium body and high efficiency LED tape to add the extra dimension to your space.

The H series H7 and H8 are the standard sizes for this boxy zigzag design, however, custom sizes are available on request- Just ask our friendly designers!

For the exterior colour, go black, bronze, gold or clear anodised to complement other features within your space.

For the interior colour, again go for a contrast to the exterior colour with black, bronze, gold or a clear anodised.

All pendants come with: LED driver (installed remotely in ceiling), ceiling canopy cup (80 x 80 x 25mm), 2m Stainless Steel Suspension, Cable Grip. The light source is 14w LED tape (1100 lumens p/metre), with a colour temperature of either 3000k or 4000k.

IP 20.
