Acacia

Lumen8

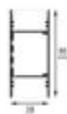

The Acacia is a minimalist linear pendant, ideal for use in kitchens, office spaces and commercial application. Locally designed and manufactured in Brisbane, Acacia is the next generation of pendant lights from the **H-series Range**.

Acacia internally houses OSRAM (MacAdams 3) high output LED boards with effortless slimline forms that honour the delicate, architectural style that makes the H Series so popular. Similarly, it boasts integrated drivers, DALI dimming and an electrical "plug and play" system, which allow for quick and tool-free, end to end connections.

Additionally, it is available in high and low output boards, various finishes and mounting options and features direct/ lighting. Users have ultimate design flexibility! Furthermore, the LED boards come in 3000k and 4000k (2700k available on request); and CRI80 with CRI90 on request.

High Output at 58watts (6160 lumens) and Low output at 40watts (4620 lumens) at 2250mm (L).

Available in direct light only version [here](#).

Product Name	Acacia
Manufacturer	Lumen8
Designer	Lumen8
Product Code	ACACIA
Material	Aluminium
Colours	Black, White, Silver, Gold, Bronze
Dimensions	Standard: 2250mm (L) x 38mm (W) x 85mm (H)
Lamp	Inbuilt LED board
Lumens	HO= 9180 lumens, LO= 6930 lumens
CRI	CRI80
Voltage	240v
