Navicula

David Trubridge

Navicula is derived from nature, in this case from one of the many microscopic diatoms that float around in the oceans. The flowing, segmented form is shipped as flatpack and assembled on site with push-in nylon clips. The thin curved pieces of CNC-cut bamboo plywood create a flowing structure that also casts magical patterns. It is lit from within with a row of LED pin-point lights. There are three sizes. Comes partially assembled.

Inbuilt LED strip, 2700k, Small: 8 watt, Medium: 11 watt, Large: 18 watt. 2 suspension cables per fitting. Dimmable tridonic driver.

Driver options: Installed in ceiling mounted canopy, or driver installed remotely in ceiling.

Product Name	Navicula
Manufacturer	David Trubridge
Designer	David Trubridge
Product Code	DT NAVICULA
Material	Bamboo Plywood
Colours	Natural Bamboo
Dimensions	Small: 1140mm (L) x 570mm (W) x 200mm (H) Medium: 1950mm (L) x 900mm (W) x 380mm (H) Large: 2550mm (L) x 1000mm (W) x 450mm (H)
Lamp	inbuilt 2700k LED strip
Voltage	240v
