C-Spine Surface

RAAT

C-Spine Surface by RAAT is a surface mount fitting on an arm with two articulation points, so that it may be mounted within an architectural detail and its body may be hidden. It is a very subtle, small fitting that comes in a beam angle of 15°, 26° or 40°, a colour temperature of 3000k or 4000k, and 12 watts. 1335 lumens. It is adjustable, and installed using a magnet system. Perfect for art galleries, yet small enough to work in the home.
