Jube

Vistosi

The Jube is a minimalist pendant, ideal for both residential and commercial application. Essential, sinuous and delicate, the Jube was born from the union of two blown glasses that, once assembled together, create an overlapping, ton sur ton effect with a retro charm. Thanks to a powerful waterjet, which perforates glass with holes of a very large diameter, the fusion of the glasses is perfectly integrated, so two glasses look like a single piece.

The Jube is available in two styles; open glass base or white diffuser base. Both styles come in multiple colours and sizes.

The Jube is able to be dimmed.
