Abaco Pendant Light

RAAT

The Abaco pendant is a contemporary and minimalist fitting ideal for use in both residential and retail environments. It is available in several sizes with various colour temperatures (3000K- 5000K), CRI (CRI80, CRI90) and light output options. The Abaco can use wireless control using a Bluetooth module making it a versatile lighting option to create an integrated lighting scheme.

Available in Triac Dimming, DALI or non dim options.

Abaco is also available in a **track light** and adjustable surface mount option.
