Pure 3 Profile

Planlicht

The Pure 3 is a sleek and contemporary LED profile, ideal for use in foyers, office spaces and retail environments. It is the next generation of profile lighting! Through a combination of straight, curved and angled profiles, light can be creatively spread around a whole space. Due to the broad range of 'Sinus' segments, which includes four different radii shapes and two angle possibilities, graphic and bold lighting designs are limitless. Furthermore, the Pure 3 family is available in 3000K, 4000K or dynamic white colour temperatures to create specialised lighting effects. Pure three is available as a pendant, wall or surface mount light.

Product Name	Pure 3 Profile
Manufacturer	Planlicht
Product Code	P33A_/__
Material	Aluminium
Colours	Black, White, Silver
Dimensions	595mm 875mm 1155mm 1435mm 1715mm 2280mm 2840mm 3400mm 4245mm
Lamp	LED Board
Lumens	650lm-11068lm
CRI	CR1>80
Voltage	240v
