## Quadro

### Planlicht

The Quadro is a slim and elegant profile, ideal for use in workplace design. Designed by Roland Karrer with the intention of developing an office work space light that utilises "Dark Light Optics". This allows a nearly glare-free lighting of the workplace through ingenious reflector technology. Available in a multitude of variants including colours, diffusers, lengths and louvre design, Quadro is adaptable, functional and aesthetic. Similarly, it features either direct or direct/indirect lighting options with a high colour rendering index and colour temperature options. Furthermore, most variants have a UGR Glare rating below 12 and can either run off DALI dimming or non dimmable circuits.

Additionally, the series is environmentally conscious, using a reduced percentage of plastic in its packaging and design.

Product Name	Quadro
Manufacturer	Planlicht
Designer	Roland Karrer
Product Code	PL T65H__-__C2____
Material	Aluminium
Colours	Frame: Black, white, silver Louvre: Gold, copper, silver, white, black, chrome, graphite
Dimensions	1124mm (L) x 50mm (W) x 66mm (H) 1404mm (L) x " " 1684mm (L) x " " 2244mm (L) x " " 2804mm (L) x " " 3364mm (L) x " "
Lamp	LED
Lumens	2800lm-8631lm
CRI	CRI80
