# Multiplo-M Adjustable Downlight

RAAT

Multiplo-M is a recessed down light ideal for use in both commercial and residential settings. Excellent for creating directional lighting, highlighting artworks or creating general lighting in a space. Functional and aesthetic, Multiplo is available in black, grey and white with optional non glare reflectors. Additionally, this 22W, adjustable LED down light has integrated Bluetooth technology, allowing wireless control of dimming, timing and create an adjustable lighting environment. Available in 3000K or 4000K with a 20° adjustable gimble. Multiplo-M is available in a single or double style for additional lighting flexibility.

Similarly, fitting is available in a non dimmable or DALI dim option.
