

## Abaco S 35W Track Light

RAAT

Abaco S 35W Track Light by RAAT is a versatile track spot for use in commercial spaces. This sleek track spot is perfect for showrooms or gallery spaces, due to its range of movement, and lighting adaptability. With a 35W inbuilt LED, and variety of beam angles of 24°, 34° or 41°, these fittings are the perfect mix of function and form. Featuring 355° rotation and 90 degree tilt action, Abaco S is both multi functional and efficient. Furthermore, it features integrated Bluetooth technology, allowing wireless control of dimming, timing and creating an adjustable lighting environment. Global 3- circuit track adaptor as standard.

Available in DALI Dimming or as a non dimmable version

Also available in a **45W version**
