

Diamante Ceiling by Vistosi

The Diamante is a classical piece with a modern twist making it perfect for both heritage style, or modern interiors. The Diamante casts delicate shadows on surrounding walls to create an ambient and soft vibe within the space. The ceiling collection is available in a variety of sizes. Each piece is individually hand made with Murano Glass in both crystal and amber colours. The lamp sources vary based on size with the smaller diameter requiring a G9, and the larger size requiring an E27. The ceiling canopy is a satin nickel finish. *Dali dimming requires an additional component installed remotely in ceiling
