IP68 LED Neon 20 Flex

Lumen 8

The IP68 LED Neon 20 Flex is a flexible LED tape perfect for both interior and exterior applications. The Neon 20 Flex bends horizontally making it ideal for curved surfaces, joinery lighting and under bench lighting. It is available in custom lengths with cuts at 50mm intervals and is both UV, corrosion, saltwater and dirt resistant. Additionally, it includes aluminium flexi profile and stainless steel clips for easy installation. The Neon Flex is available in Lumileds 5W or 8W LED chips ranging in colour temperature from 2400K-6500K + RGB and runs on 24v.

The maximum individual length is 5m and maximum joint run is 15m.

Also available in a 12mm 13.5mm **vertical bend** version.

Product Name	IP68 LED Neon 20 Flex
Product Code	Neon__
Material	Polyurethane
Colours	2400K-6500K + RGB
Dimensions	Tape: 12mm (W) x 20mm (H) x Custom Length Profile: 8.9mm (W) x 13.2mm (H) x 1000mm (L)
Lamp	15W Lumiled LED
Lumens	936lm/m
CRI	CRI80
Voltage	24v DC
IP	IP68
